

Qrypt 2012

CONFERENCE ON QUANTUM CRYPTOGRAPHY

www.qcrypt.net

10-14 SEPTEMBER

CGT Centre for
Quantum
Technologies

SINGAPORE

QCrypt is a new conference series on Quantum Cryptography. The first event took place at ETH Zurich in September 2011, and was a resounding success with nearly 140 participants both from theoretical and experimental research groups. Join us at the National University of Singapore for the second edition!

We look forward to hearing about all things crypto in quantum information, ranging all the way from QKD, two-party protocols, and device independence to vital information theoretic tools, and maybe even new tasks you are inventing right now!

deadline for submission: 20 May

Steering committee

Matthias Christandl
Roger Colbeck
Michele Mosca
Renato Renner
Louis Salvail
Wolfgang Tittel
Stephanie Wehner (chair)

Programme committee

Michael Ben-Or
Serge Fehr
Patrick Hayden (chair)
Thomas Jennewein
Robert Koenig
Christian Kurtsiefer
Norbert Lutkenhaus
Stefano Pironio
Hugo Zbinden

Advisory committee

Charles H. Bennett
Gilles Brassard
Ivan Damgård
Artur Ekert
Nicolas Gisin
Richard Hughes
Masahide Sasaki

Satellite workshop: Japan-Singapore workshop on multi-user quantum networks
17-20 September at CQT Singapore, organized by Masahito Hayashi and Andreas Winter.
